SDS:

A Safety Data Sheet for QSR Heavy Duty Multi-Purpose Sink Detergent, ClickSan® Disinfectant/Sanitizer and KAY-5® Sanitizer can be found in the store and on the Partner Hub.

01 – Rinse the pour spout

- Using clean water, rinse the pour spout to remove any residual.

02 – Brush the interior surfaces

- Use the sink detergent and small stainless steel pump cleaning brush.
- Ensure that the brush is used on both ends of the pour spout.

03 – Wash, rinse, sanitize

- Using the 3-compartment method.
- DO NOT PLACE IN THE DISHWASHER.

04 – Air dry

05 – Inspect

- Inspect the pour spout to ensure that the chrome plating is not chipping.
- If the plating is chipping, immediately discard and replace with a new pour spout.
